ARVIND KUMAR

FRONTEND WEB DEVELOPER

Gorakhpur, Uttar Pradesh, India | arvindgupta32823@gmail.com

PROFESSIONAL PROFILE

Passionate frontend developer pursuing a Bachelor of Computer Applications (BCA), with a focus on building responsive, interactive, and modern web experiences. Comfortable working with HTML5, CSS3, JavaScript (ES6+), and C++, and using Git and GitHub to manage projects. Interested in clean code, usability, and continuously improving practical development skills.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+), C++

Frontend: Responsive Design, Flexbox, CSS Grid, DOM Manipulation, CSS Animations

Tools: Git, GitHub, Visual Studio Code, Browser Developer Tools

Fundamentals: Data Structures, Object-Oriented Programming (OOP), Web APIs

FEATURED PROJECTS

Amazon Clone — Responsive storefront featuring product search, promotional sections, and cart interface.

Tic Tac Toe Game — Interactive two-player browser game with win-detection logic.

Personal Portfolio Website — Responsive portfolio with a dark and orange visual theme.

Weather Forecast App — Weather interface with location search and dynamic weather cards.

E-Commerce Website — Product catalogue with filtering and shopping-bag interface.

Additional Projects — Netflix Clone, Music Player, Expense Tracker, Quiz Application, To-Do List, Calculator, and more.

EDUCATION

Bachelor of Computer Applications (BCA) (2024–Present)

Madhusudan Das Degree College, Ashuran Chowk, Gorakhpur

Affiliated to Deen Dayal Upadhyaya Gorakhpur University (DDUGU)

Relevant Coursework: C++, Data Structures, Web Technology, Database Systems

STRENGTHS & CAREER OBJECTIVE

Creative problem-solving, rapid visual prototyping, responsive design, accessibility awareness, and a commitment to clean code. Eager to learn and contribute in a frontend developer internship or junior-level role.
